## Finding Help while in DrChrono

07/24/2024 2:45 pm EDT

Over time we've built out a great library of articles and videos to help guide our DrChrono customers. The problem is, that you used to have to go to the help center directly and find these resources.

## Well, not any longer!

We've connected our DrChrono pages with videos and articles that you can access right from the bottom of the page.

Right at the bottom, you'll see the blue question mark and the blue arrow button. The question mark will lead you to an article and the arrow will lead you to a video.

Not quite what you were looking for? Try searching through other articles in thehelp center, and if you still can't find the right answer, submit a ticket, and our customer success team will be happy to help.
