Billing and Payments

Summary	Description	Help Center Article
Additional HCPCS code	An additional HCPCS code has been added to the DrChrono system and can be added to your fee schedule and included on patient claims.	

Clinical

Summary	Description	Help Center Article
Form Tags	Form tags is a new feature that allow customers to create tags to categorize & filter existing forms.	https://support.drchrono.com/hc/en-us/articles/17043698341531

Resolutions

Summary	Description	Help Center Article
Copy Previous Note Fix	Users can choose the copy previous note option without the system generating a new H&P and/or SOAP note. Instead the note will be copied over to the preset H&P and/or SOAP as intended.	
Updated Overlapping Appointment Message for Recurring Events	We have updated the pop-up message that displays when attempting to schedule an appointment when a recurring appointment already exists to include more information.	
Appointments for Inactive-Deceased Patients	We have resolved an issue where appointments were able to be scheduled for patients who were marked as inactive or deceased. Appointments can now only be scheduled for active patients.	
Duplicate Patient Warning	We have added a popup to warn of a duplicate patient when creating a new patient from Patients > Patient List > Add New Patient.	https://support.drchrono.com/hc/en-us/articles/217995837
API comm_logs Endpoint	We have resolved an issue that was causing an error for some users when making API calls to the comm_logs endpoint with the 'since' parameter.	

Spelling Correction	We have corrected a misspelling on the option "Write off as insurance bad debt" under Account > Account Settings > Medical Billing.
