Click **Follow** in the [Release Notes](#) section to be notified when release notes are published.

## Billing and Payments

### New and Updated

- **New additional COVID-19 vaccine CPT codes** - Seven (7) additional vaccine administration codes were released by AMA. They have been added to the DrChrono system and are able to be added to your fee schedule and included on patient claims

## Clinical

- No updates.

## Practice Management

### New and Updated

- **New Support Widget Added to All Pages of DrChrono** - The support widget has been added to all pages in DrChrono EHR for easier access.
- **Updated API compatibility** - The default\_pharmacy field has been updated for backward compatibility to sync with preferred pharmacy data.
- **Updated Reminder Programming** - DrChrono has updated its reminder programming to comply with Twilio's (our SMS text partner) policies and federal laws regarding cannabis and cannabis products. More information on reminders [here](#).

## Fixes

- **API - the api/care\_plans Endpoint:** Resolved an issue where the api/care\_plans endpoint was not returning data
-
