### Updates

Summary	Description	Resources
New view for past and future appointments	Past and future appointments are now displayed in different tabs.	<a href="#">Viewing a Patients Past and Fut iPad</a>
The chief complaint is now visible when working on a clinical note on the iPhone app.	You can view the chief complaint when you are completing a clinical note on the iPhone.	 <p>The screenshot shows a mobile app interface for entering a clinical note. At the top, the time is 10:41 and the location is TestFlight. Below the header, there are navigation options: 'Back' and 'CC Too'. The 'CC' (Chief Complaint) field is highlighted with a blue border and contains the text 'Sick'. Below this, there are several input fields with labels: 'Quality', 'Severity', 'Duration', 'Onset / Timing', 'Context', 'Modifying Factors', 'Associated Symptoms', and 'Previous Treatment'. Each field has a corresponding dropdown menu icon. At the bottom, there is a toggle switch labeled 'Include in Note' which is currently turned off.</p>
