Updates

Summary	Description
Zip File View	We have added the ability to view zip files containing export .csv files of the patient list for Patient Demographics
Patient Flags are Now in the Appointment Header	We have added Patient Flags to the patient header when viewing appointments. See below

Resolutions

Summary	Description
Background Audio Stops Upon Login	We have resolved an issue in which background audio broadcast via Bluetooth stopped upon logging in to the DrChrono mobile app. Audio will continue to play until the dictation is used.
Incorrect Default Prescriber Address	We have resolved an issue while sending prescriptions in which the address was not reflecting the most recently used account.
