

MBI - Medicare Beneficiary ID number look up tool

07/24/2024 6:35 pm EDT

Did you know there was an electronic tool where you can find a patient's Medicare Beneficiary Identifier (MBI) if they do not have their insurance card?

You first need access to eServices. Once you have access, you will have access to the **MBI Lookup tool**. Different MACs have it in different areas of the screen, so you might have to look around, but it will be there, likely as a tab.

To use the tool to obtain a patient's MBI, you will need:

- The beneficiary's first and last name
- Their date of birth
- Their social security number

MBI Lookup

Medicare Administrative Contractor (MAC) Provider Medicare Beneficiary Identifier (MBI) Lookup Tool

Starting in April 2018, to make it easier for health care providers and those working on their behalf to get Medicare patients' MBIs when they don't or can't give them, providers can use a MAC's secure portal to look up MBIs. To find MBIs through the portal, providers must key the Medicare patient's first name, last name, date of birth, and SSN.

Beneficiary Information

Beneficiary Last Name:*

Beneficiary First Name:*

Beneficiary Name Suffix:

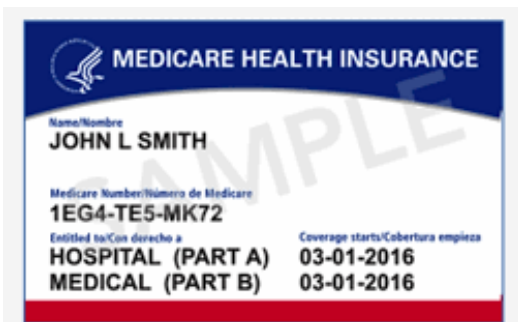

Beneficiary Date Of Birth:*

Beneficiary Social Security Number:*
