

# Fee Schedule - Overview

07/24/2024 2:40 pm EDT

DrChrono has updated the fee schedule to include additional fields and functionality that can be customized to adapt to the needs of your practice.

Features include:

- The ability to have multiple effective fee schedules for specific providers, specific specialties, or practice locations.
- The ability to inactivate entire fee schedules, but leave them visible for reference or rebills for dates of service covered by the now inactive fee schedule.

To view your fee schedule, navigate to **Billing > Fee Schedule**.
