

# Adding Billing Profiles in the Clinical Note

07/24/2024 11:59 am EDT

Utilizing billing profiles allows you to efficiently add ICD-10, CPT, HCPCS, and/or Custom codes to common visit types. Here is how you can add them from the Clinical Note.

- Navigate to a clinical note and go to the **Billing** tab

The screenshot shows a clinical note for Jenny (Jen) Harris, a 40-year-old female. The note is titled "Physical Exam" and is in the "Billing" tab. A dropdown menu for "Billing Profiles" is open, showing a list of codes including "6 Adjustments", "Back Pain", "Dolphin Attack", "Flu Treatment", "Glasses", "Glaucoma", "HFMD", "PT", "Physical Exam", "Post Op", "Sea Attack", "Sea Creature Attack", "Sea Lion Attack", "Spider Bite", and "Strep".
