Good Faith Estimate: Adding/Editing Diagnosis Codes

07/24/2024 3:00 pm EDT

The Good Faith Estimate tool within DrChrono will allow you to add up to three (3) diagnosis codes to each estimate. You can enter them by ICD-10 code, or by searching by name in the search box.

← Go Back   **Estimate Title**

Applicable Diagnosis:

Leave this field blank will set diagnosis to TBD

ICD-10 Diagnosis Code

If you do not have a diagnosis, you can leave it blank, and "TBD" will display on the estimate.

To add multiple diagnosis codes, use the search box to either add the ICD-10 code, or type in the diagnosis name. A selection for you to select from will populate.

Applicable Diagnosis:

Leave this field blank will set diagnosis to TBD

R00.0

R00.0: Tachycardia, unspecified

Applicable Diagnosis:

Leave this field blank will set diagnosis to TBD

tachycardia

I47.1: Supraventricular tachycardia
I47.2: Ventricular tachycardia
Removed since 2022-10-02
I47.9: Paroxysmal tachycardia, unspecified
P29.11: Neonatal tachycardia
R00.0: Tachycardia, unspecified
G90.A: Postural orthostatic tachycardia syndrome [POTS]
I47.20: Ventricular tachycardia, unspecified
I47.29: Other ventricular tachycardia

To add multiple diagnosis codes, enter the code/name in the search box and click on the applicable entry. It will appear to the right of the box. To add additional codes, just clear out the selection box and type your next code/name.

Applicable Diagnosis:

Leave this field blank will set diagnosis to TBD

ICD-10 Diagnosis Code   R00.0: Tachycardia, unspecified ✕   E03.3: Postinfectious hypothyroidism ✕   A18.84: Tuberculosis of heart ✕

If you accidentally enter the same code twice, the system will give you a warning:

.drchrono.com says

The code was already added

OK

If you need to change or delete a code, simply click the red x in the box with the diagnosis to be removed.

Applicable Diagnosis:
Leave this field blank will set diagnosis to TBD

| ICD-10 Diagnosis Code | R00.0: Tachycardia, unspecified x | E03.3: Postinfectious hypothyroidism x | A18.84: Tuberculosis of heart x |
