

Patient Balance Ledger

07/24/2024 7:05 pm EDT

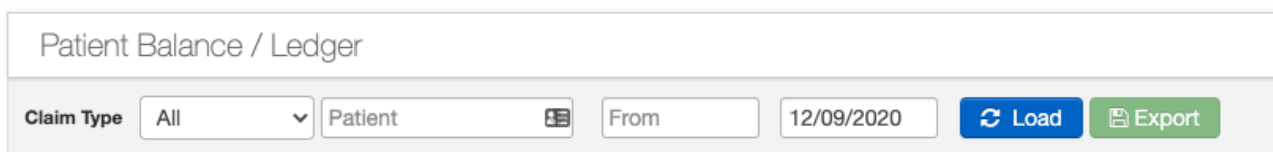

The patient balance ledger will display all outstanding balances, per patient, categorized by whether they are pending from insurance or are due from the patient themselves.

To navigate to the ledger, hover over the Billing header and select Patient Balance Ledger.

The screenshot shows a navigation menu with three main categories: Billing, Account, and Marketplace. Under the Billing category, there is a list of options: BILLING, Billing Summary, Live Claims Feed, Patient Payments, Day Sheet, Transactions, Remittance Reports, Unmatched ERAs, Insurance Credit Card Payments, Accounts Receivable, Patient Statements, Product/Procedure, Patient Balance Ledger (highlighted in blue), Fee Schedule, Underpaid Items, Adjustment Master, Sales Tax, and Billing Log.

As with other screens in DrChrono, you have several options to view the information.

The screenshot shows the filter bar for the Patient Balance / Ledger screen. It includes a search field with the text "Patient Balance / Ledger". Below the search field, there are several filters: "Claim Type" with a dropdown menu set to "All", "Patient" with a search icon, "From" with a date field set to "12/09/2020", a blue "Load" button, and a green "Export" button.

In the patient balance ledger, your options include:

- **Claim Type** - If institutional claims are enabled for your account, you will see the claim type option. You can use it to select between institutional or professional claims or both.
 - *If you do not have institutional claims enabled, you will not see this option.*
- **Patient** - You can search for a specific patient.
- **Date range** - You can select a specific date of service or date range.

Once you have your selections chosen, click on the blue **Load** button for the information to populate. You also have the option to export the information to a file that will be available in your message center.

The information will populate and be broken down into 30-day range increments.

Patient Balance / Ledger							
Craig Moke		11/01/2020	12/09/2020	Load	Export		
Responsible Party		0-30 Days	31-60 Days	61-90 Days	90-120 Days	121+ Days	Total
Totals:		\$1,135.00	\$0.00	\$0.00	\$0.00	\$0.00	\$1,135.00
PATIENT	Craig Moke	\$30.00	\$0.00	\$0.00	\$0.00	\$0.00	\$30.00
87726	OptumHealth	\$1,105.00	\$0.00	\$0.00	\$0.00	\$0.00	\$1,105.00

Please note the patient above is a sample patient with test data.

You can see additional information for any of the figures by clicking on any of the blue dollar figures. It will expand and show you additional details. You can print a Super Bill from this screen by clicking on the icon labeled "Super Bill" on the right.
