

# ePS - Enrollment notifications

07/24/2024 11:12 pm EDT

After submitting your insurance enrollments through the ePS (eProvider Solutions) enrollment module, ePS will forward them to the payer. If the status of your request changes, such as to denied, provider action required, etc, the DrChrono system will email you and place a red bubble with the number of notices on the billing menu.

The alert will disappear when the email in your message center is read.

The screenshot shows the DrChrono interface with the Billing menu open. The 'Enrollment' option is highlighted in blue and has a red notification bubble with the number '10' next to it. The menu is divided into 'BILLING' and 'BUSINESS INTELLIGENCE' sections.

BILLING		BUSINESS INTELLIGENCE	
Billing Summary	Live Claims Feed	Denial Analysis	Payment Analysis (beta)
Apollo Plus	Patient Payments	Rejection Analysis (beta)	Collections Analysis (beta)
Day Sheet	Transactions	Aging AR Analysis (beta)	Reimbursement Analysis (beta)
