# How to Reorder ICD-10 and CPT/HCPCS Codes in an Appointment in the Live Claims Feed

07/24/2024 4:55 pm EDT

DrChrono makes it easy to reorder any listed ICD-10 and/or CPT/HCPCS codes within an appointment without having to delete and reenter them. Here's how:

1. Hover over the **Billing** Tab and choose **Live Claims Feed.**

2. In the **Live Claims Feed**, select the patient and date of service of the appointment that you would like to reorder either the ICD-10 or CPT/HCPCS codes.

4. To reorder the ICD-10 codes, please scroll down to where the diagnosis codes are listed. Click on the three, blue stacked lines over on the right.

5. Once you click on the hamburger icon (the 3 short horizontal lines), the red X's will change to hamburger icons as well. Now, you can click on any of the 3 diagnosis codes and drag it to the position you would like it to be.

When it is where you want it, just let go of your mouse button and "drop" it. Once all moves have been completed, just click on the blue save button in the top right corner.

#	ICD-10	Description		
	Add ICD-10 code		✖	💾
1	Z00.00	Encounter for general adult medical examination without abnormal findings		☰
2	A02.0	Salmonella enteritis		☰
3	B02.8	Zoster with other complications		☰

6. It works the exact same way for CPT/HCPCS codes. Just navigate to where they are listed inside of the patient's appointment and click on the hamburger icon (3 horizontal blue lines) as pointed out below:

	Code/Check Date	Description	Mods/Posted Date	Service Date ❓	EPSDT	Qty/Min	Dx Pointers	Price	Billed	Allowed	Adjmt	Ins 1 paid	Ins 2 paid	Pt Paid	Ins Bal	Pt Bal	Status/Adj Type		
☐							Totals:		$400.00	$400.00	$0.00	$0.00	$0.00	$0.00	$400.00	$0.00	Ready to Bill		☰
☐	C 90833 ⬇			From date To date	☐	1.00	1 0 0 0	50.00	$50.00	$50.00	$0.00	$0.00	$0.00	$0.00	$50.00	$0.00	Ready to Bill	$	⊞
☐	C 97545 ⬇		GO GA	From date To date	☐	1.00	1 0 0 0	150.00	$150.00	$150.00	$0.00	$0.00	$0.00	$0.00	$150.00	$0.00	Ready to Bill	$	⊞
☐	C 97545 ⬇			From date To date	☐	1.00	1 0 0 0	100.00	$100.00	$100.00	$0.00	$0.00	$0.00	$0.00	$100.00	$0.00	Ready to Bill	$	⊞

7. Once you click on the hamburger icon, the screen will change to look like this:

	Code/Check Date	Description	Mods/Posted Date	Service Date ❓	EPSDT	Qty/Min	Dx Pointers	Price	Billed	Allowed	Adjmt	Ins 1 paid	Ins 2 paid	Pt Paid	Ins Bal	Pt Bal	Status/Adj Type		
☐							Totals:		$400.00	$400.00	$0.00	$0.00	$0.00	$0.00	$400.00	$0.00	Ready to Bill	✖	💾
1	Procedure Code: **90833** Modifiers: ["","","",""] Diagnosis Pointers: [1,0,0,0]																		☰
2	Procedure Code: **97545** Modifiers: ["GO","GA","",""] Diagnosis Pointers: [1,0,0,0]																		☰
3	Procedure Code: **97545** Modifiers: ["","","",""] Diagnosis Pointers: [1,0,0,0]																		☰

It will now allow you to grab and drag any of the CPT/HCPCS codes to whichever position you would like. Once complete, just click on the blue save icon on the top right (to the right of the status/Adj Type).

Viola! You've just moved around the diagnosis and CPT/HCPCS codes very efficiently!

Here is a video that will walk you through the process.
