

DrChrono Payments: Stripe Dashboard

07/24/2024 2:05 pm EDT

When Stripe processes your credit card transactions, you will have access to a Stripe Dashboard. This will be the "hub" of all of your Stripe transactions. From the dashboard, you will be able to see all of your charges by day, run reports, and manage your business details, among other things.

If there are details that Stripe needs about your business, you will see them front and center as soon as you log on. Once you click on "start", you will be taken to a screen where you can provide the information.

The screenshot shows the 'Payments' section of the Stripe Dashboard. It includes a navigation bar with 'Home', 'Payments', 'Balances', 'Customers', 'Products', 'Billing', 'Reports', 'Connect', and 'More'. A search bar and utility icons (Create, Help, Notifications, Settings, Profile) are also present. The main content area displays 'Payments' with tabs for 'All payments', 'Collected fees', 'Disputes', and 'All transactions'. There are buttons for 'Export' and 'Create payment'. A table lists payment transactions with columns for 'AMOUNT', 'DESCRIPTION', 'CUSTOMER', and 'DATE'. Two transactions are shown, both for \$5.00 USD, with a status of 'Succeeded' and a description of 'Subscription update' for customer 'Kermit DaFrog'.

AMOUNT	DESCRIPTION	CUSTOMER	DATE
\$5.00 USD Succeeded	Subscription update	Kermit DaFrog	May 23, 11:57 PM
\$5.00 USD Succeeded	Subscription update	Kermit DaFrog	May 22, 11:56 PM

Payment details

Statement descriptor	WWW.PAYSIMPLE.COM
Amount	\$5.00
Fee	\$0.45 ⓘ
Net	\$4.55
Status	Succeeded
Description	Subscription update ✎ Edit
