EPCS: Can I send multiple schedule II medications in a prescription?

07/24/2024 2:15 pm EDT

Sending Multiple EPCS Medications in a Prescription

In DrChrono EHR, it is possible to send multiple EPCS prescriptions. On the New Prescription page, simply select the + button in the upper right-hand corner to add a new medication form to the list.

As you would with any prescription, fill out the form with any combination of schedule II, III, IV, or V medications. For all schedule II drugs, **verify that refills are filled in as '0' due to federal limitations on refilling controlled substances.**

Afterward, select your patient's pharmacy and select **Preview Prescription**. On the Prescription Summary page, for each controlled substance, you will need to check the **Ready to Sign** checkbox. Now, when you select **Send Prescription**, your login credentials and Multi-Factor Authentication access code will be applied to all your controlled substances in this list.

Drug-Drug & Drug-Allergy Interactions

Risk	Severity	Drug 1	Drug 2	Interaction Summary	
С	Moderate	fentaNYL	acetaminophen- oxyCODONE	CNS Depressants may enhance the adverse/toxic effect of other CNS Depressants.	more
C	Major	fentaNYL	acetaminophen- oxyCODONE	Analgesics (Opioid) may enhance the serotonergic effect of Serotonin Modulators. This could result in serotonin syndrome.	more
B	Minor	acetaminophen- oxyCODONE	fentaNYL	Analgesics (Opioid) may decrease the absorption of Acetaminophen. The extent to which this decreases total systemic exposure to acetaminophen is uncertain.	more

Medication List

1 fentaNYL 1200 mcg oral transmucosal lozenge (CS Level 2)	🗹 Re	Ready to sign						
Place 1 lozenge in mouth until dissolved. Do not chew.	Dispense: 20	PUC: Lozenge	DaW: No	Refills: 0				
Notes to Pharmacist:								
2 Percocet 10/325 oral tablet (CS Level 2)			🗹 Re	ady to sign				
Take 1 orally as needed per day.	Dispense:	PUC: Tablet	DaW: No	Refills: 0				

60 Lozenge

When you pass the 2-factor Authentication check, you will see all of your controlled substances marked with a
green checkmark. This indicates that the prescription has been sent to the pharmacy.

Prescription Status

Notes to Pharmacist:

#		Medication	Status
1	×	fentaNYL 1200 mcg oral transmucosal lozenge	
2	~	Percocet 10/325 oral tablet	

To verify that both medications were sent, you may select the **Medication List** tab in your patient's chart. Here you will be able to confirm the order status of your patient's medications.
