

Setting up Favorite Prescriptions

07/24/2024 9:12 pm EDT

Setting up your favorite prescriptions is easy to do in DrChrono and can save you time when e-prescribing. There are two ways to save prescriptions to your favorites: you can save them as you create prescriptions from the **Send eRx** screen or you can set them up in the **eRx Settings** menu.

Saving Favorite Prescriptions in Send eRx

To add a prescription to your favorites while in the process of prescribing, check the **Add to Favorites** box when you have completed the prescription.

The screenshot shows the 'New Prescription' form with the following details:

- Medication:** amoxicillin 500 mg oral capsule
- SIG:** 2 a day for 10 days
- Dispense:** 20
- Dispense Unit:** Capsule
- DAW:** No
- Refills:** 0
- Checkboxes:** Add to Favorites, Add to Medication List

Next, click **Preview Prescription**.

The 'Select Pharmacy' screen shows the following details:

- Pharmacy:** WALGREENS #07080
- Address:** 105 E EL CAMINO REAL, SUNNYVALE, CA 940871937
- Phone:** +1.408.991.9013
- Fax:** +1.408.991.9025
- Category:** Retail
- Buttons:** Add to Favorites, Set as Patient Default, Preview Prescription

When you select **Send Prescription**, it will save to your favorite prescriptions.

The 'Prescription Summary' screen shows the following buttons:

- Edit Prescription**
- Start over**
- Print Prescription**
- Fax Prescription**
- Send Prescription** (highlighted with a red arrow)

Saving Favorite Prescriptions in eRx Settings

Go to **Account > eRx Settings**.

PROVIDER SETTINGS

- Account Settings
- onpatient Settings
- Account Setup
- Custom Fields
- API
- App Directory

PRACTICE SETTINGS

- Offices

- Staff Permissions

eRx Settings

Under the **Favorite Prescriptions** tab, you can manage all of your existing favorite prescriptions and add new ones.

Click the (

) and select **medication**.

eRx settings

The screenshot shows the 'eRx settings' page with the 'Favorite Prescriptions' tab selected. There are three medication cards displayed:

- acetaminophen 160 mg or...**: 1 capsule once a day, Dispense: 30, Refills: 0. Buttons: Medication, Substitutions allowed.
- acetaminophen-codeine 1...**: 60 milliliter(s) oral 3 times a day with meals x3 doses, Dispense: 43.0, Refills: 0. Buttons: Medication, Substitutions allowed.
- Alpha Lipoic 300 mg**: 1 tab 1x a day, Dispense: 30.0, Refills: 1. Buttons: Medication, Substitutions allowed.

A dropdown menu is open over the third card, showing options: Medication (selected), Compound medication, and Supply medication. A green plus icon with an arrow points to it.

Enter the information and click **Save**.
