

Exporting QRDA III Files

07/24/2024 2:35 pm EDT

You can export your clinical quality measure data for each measure using the QRDA III export function.

1. Go to Clinical > Clinical Quality Measures

2. Select the reporting period, the measure you would like to export, and click Export QRDA III. You can export 1 measure at a time.

Clinical Quality Measures

3. The file will download to your device.

The screenshot shows a macOS Finder window titled "Downloads". The sidebar on the left lists "Favorites" (AirDrop, Recents, Applications, Desktop, Documents, Downloads), "iCloud" (iCloud Drive, Shared), and "Locations" (OneDrive, Network). The "Downloads" folder is selected, showing two files: "CMS69v11_Q...20230426.xml" and "CMS122v11_...20230426.xml". The second file is selected and highlighted in blue. The main pane displays the XML content of the selected file, which is a ClinicalDocument. Below the XML code, the file name "CMS122v11_QRDA3_20230426.xml" is shown, along with its type "XML - 158 KB". An "Information" section is partially visible, showing "Created" and "Today, 12:49 PM". A "More..." button is located at the bottom of the information section.
