CCDA Files and DrChrono

07/24/2024 12:44 pm EDT

DrChrono allows for C-CDA exports and imports of information. We offer bulk imports of C-CDA files on paid plans.

To learn more about what C-CDA is check out CMS's page on C-CDA files.

Importing

1. Go to **Patients** > **Patient List**.

Patients	Reports
PATIENT	
Patient List	t
Consent Fo	orms
Patient Flag	gs
Patient Gro	oups
Send Emai	I
Send Refer	ral

2. Click Update patient (via C-CDA XML) button.

Manage you	ur existing patients
Patient search	Search
+ Add new patient	

3. Choose the C-CDA file you wish to upload and select Preview. The file will process automatically.

Import Patient C-CDA XML					
Type of record:	C-CDA — Consolidated Clinic 🗸				
File to upload:	Choose File No file chosen				
	Preview				

Exporting

1. Go to Patients > Patient List.

Patients	Reports
PATIENT	
Patient Lis	t
Consent F	orms
Patient Fla	gs
Patient Gro	oups
Send Emai	il
Send Refe	rral

Note: users can also complete a mass export by Patient Group, including Inactive and Deceased.

2. Click the Export (C-CDA XML) button.
