

(MIPS) Submitting Your Data

07/24/2024 11:49 am EDT

Submit data yourself or with the help of a third party intermediary, like Healthmonix, for all the applicable performance categories between January 2 and March 31, 2025.

(Note: Medicare Part B claims quality measures are submitted throughout the performance year.)

DrChrono partners with [here](#) to review additional help articles for this integration.

Promoting Interoperability:

- [Sign in to the QPP website](#) and attest to the data required for these measures

(select yes or no/provide numerator and denominator values).

or

- [Sign in to the QPP website](#) and upload a file of your Promoting Interoperability

data.

or

- Work with a third party intermediary to submit data on your behalf.

Quality:

- [Sign in to the QPP website](#) and upload a file of your quality measure data.

or

- Work with a third party intermediary to submit data on your behalf.

or

- Report quality measures via Medicare Part B claims throughout the performance

year (small practices only).

Improvement Activities:

- [Sign in to the QPP website](#) and attest to (check “yes”) activities you’ve performed.

or

- [Sign in to the QPP website](#) and upload a file of your improvement activity data.

or

- Work with a third party intermediary to submit data on your behalf.

Cost: No data submission required

- CMS will retrieve your cost data from administrative claims (those you submit to CMS for payment)

- [Cost: Traditional MIPS Requirements](#)
