

Loading a Profile Picture from your Desktop

07/24/2024 6:30 pm EDT

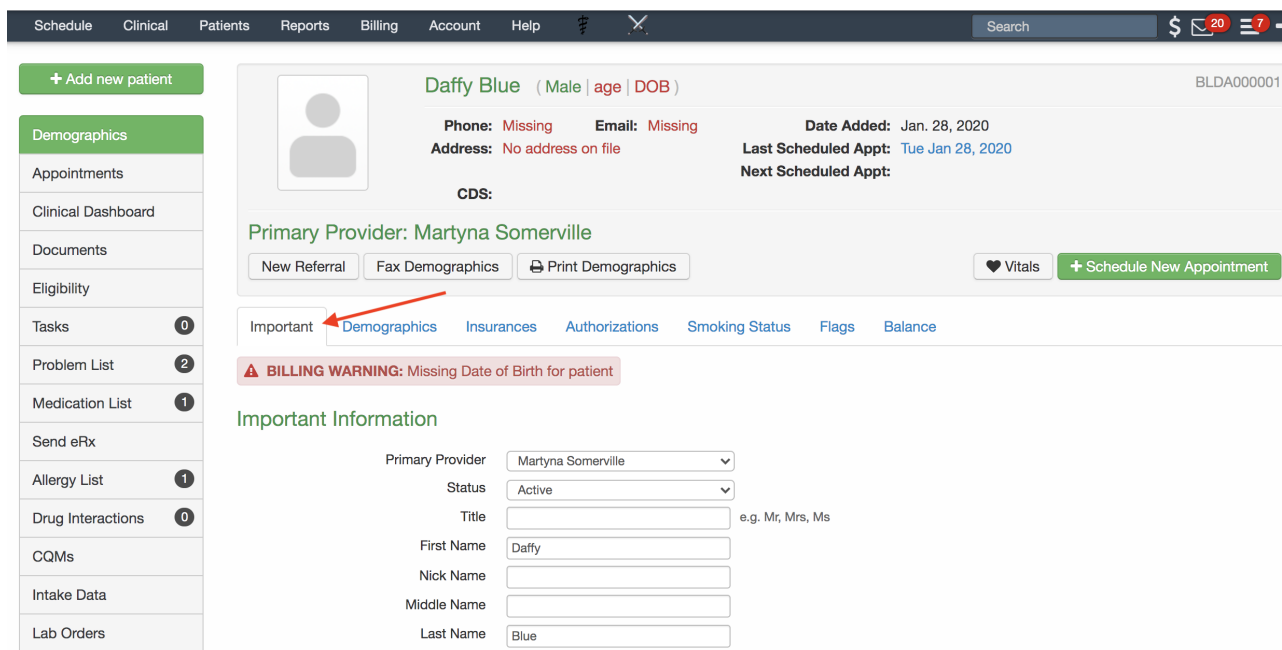

Have you captured a picture of your patient with your webcam? DrChrono allows you to upload that picture to their profile.

To do so follow these steps:

1. Search for the patient in the hot spot search. This will take you straight to the patient's chart.

2. Click the **Important** tab.

3. Click the **Choose File** button. Select the picture from your computer that you'd like to upload. This will give you options to select a photo saved to your computer.
