Viewing the schedule by the office or by a doctor is even more user-friendly than ever.

Please take note that all doctors are unchecked at first, so you must select the desired doctor(s) from the start.

1. Check the box next to the provider's name and/or office to view the schedule by those filters.

The screenshot shows the DrChrono interface with the following elements:

- Navigation Bar:** Schedule (selected), Clinical, Patients, Reports, Billing, Account.
- Calendar:** Shows the month of April 2022. The date 12th is highlighted.
- Filters:**
