## Uploading a Document through the iPad

07/24/2024 10:06 pm EDT

You can easily upload a document from your iPad to the patient's chart. Multiple file formats are supported for upload but we maintain a maximum upload limit of **100MB per document**.

## 1. Tap on the patient's name and select Upload Files.

2. You can select an image from your iPad's photo library or a file stored on your iPad.

If you choose photos, you will need to allow DrChrono access to your photo library.
