

How can I add and view family history on the iPad?

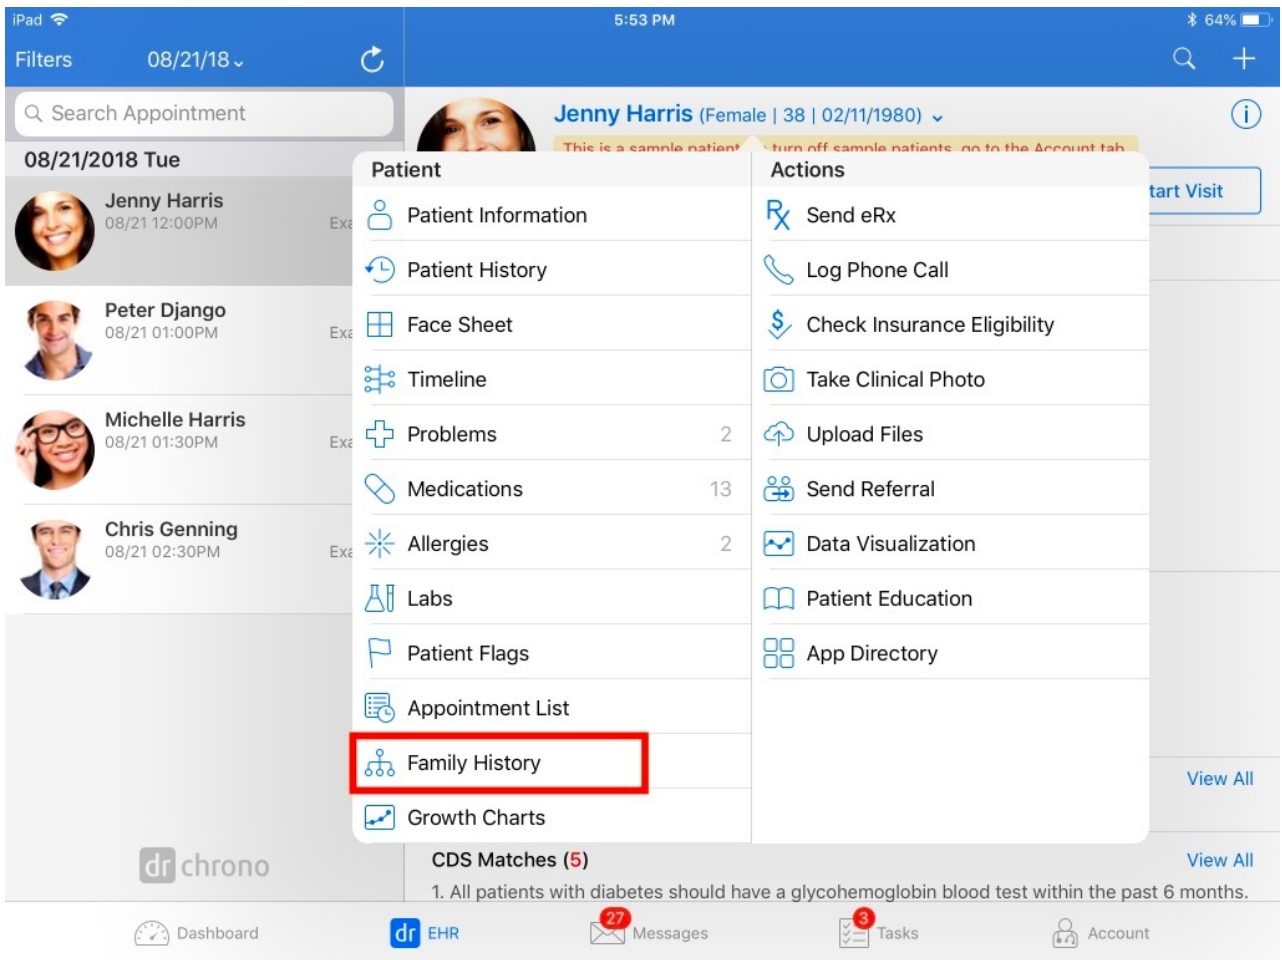

07/24/2024 3:25 pm EDT

You can add family history to a patient's chart on the iPad.

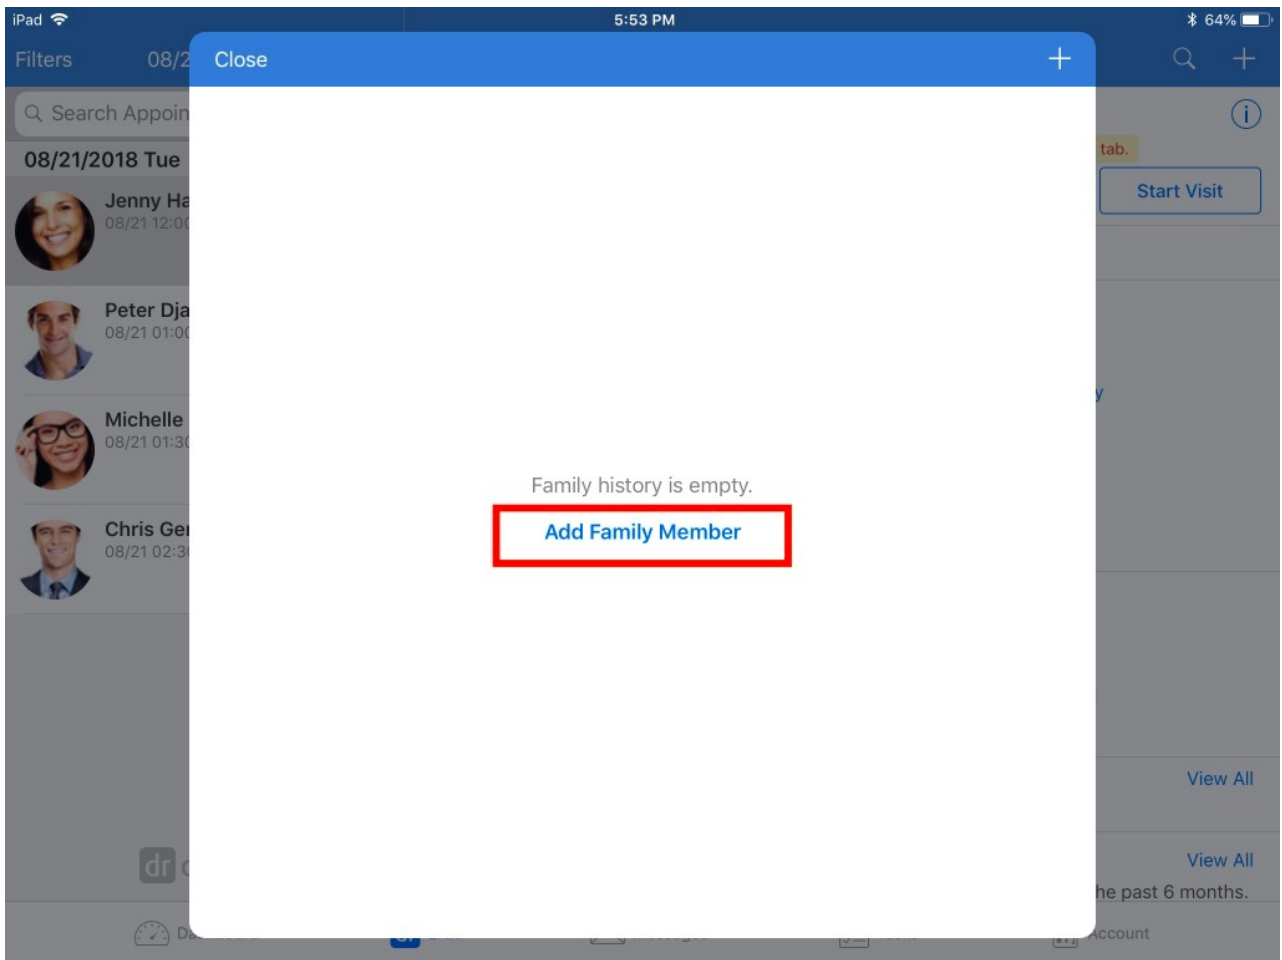

1. Tap on the patient's name for the drop-down menu to appear.

The screenshot displays the dr chrono iPad interface. At the top, the status bar shows the time as 12:19 PM on Friday, September 11, with 100% battery. The app header includes 'Filters (1)', 'Today', a refresh icon, a search icon, and a plus icon. Below the header is a search bar labeled 'Search Appointment'. A list of appointments for '09/11/2020 Fri' is shown, with 'Jenny (Jen) Harris' (09/11 12:15PM, Exam 1) selected. The patient's profile card shows a photo of Jenny (Jen) Harris, her name 'Jenny (Jen) Harris (Female | 40 | 02/11/1980)', a note that she is a sample patient, and buttons for 'Appointment Options', 'Super Bill', 'Vitals', and 'Start Visit'. The main content area is divided into sections: 'Appointment Notes' (with a 'Tap here to add a note' prompt), 'Appointment Details' (09/11 12:15PM) with fields for 'Appointment profile' (None Selected), 'Office' (Primary Office), 'Provider' (James Smith), 'Billing' (None), 'Appointment Status' (None Selected), 'Exam Room' (Exam 1), and 'Billing Type' (ICD-10); 'Billing Details' with 'Payment profile' (Insurance), 'Co-Pay' (\$20.00), 'Billing Status' (None Selected), and 'Total Payment' (\$0.00); and 'Patient Flags' (No Flags) with a 'View All' link. The dr chrono logo is in the bottom left. The bottom navigation bar contains icons for 'Dashboard', 'EHR', 'Messages', 'Tasks', and 'Account'.

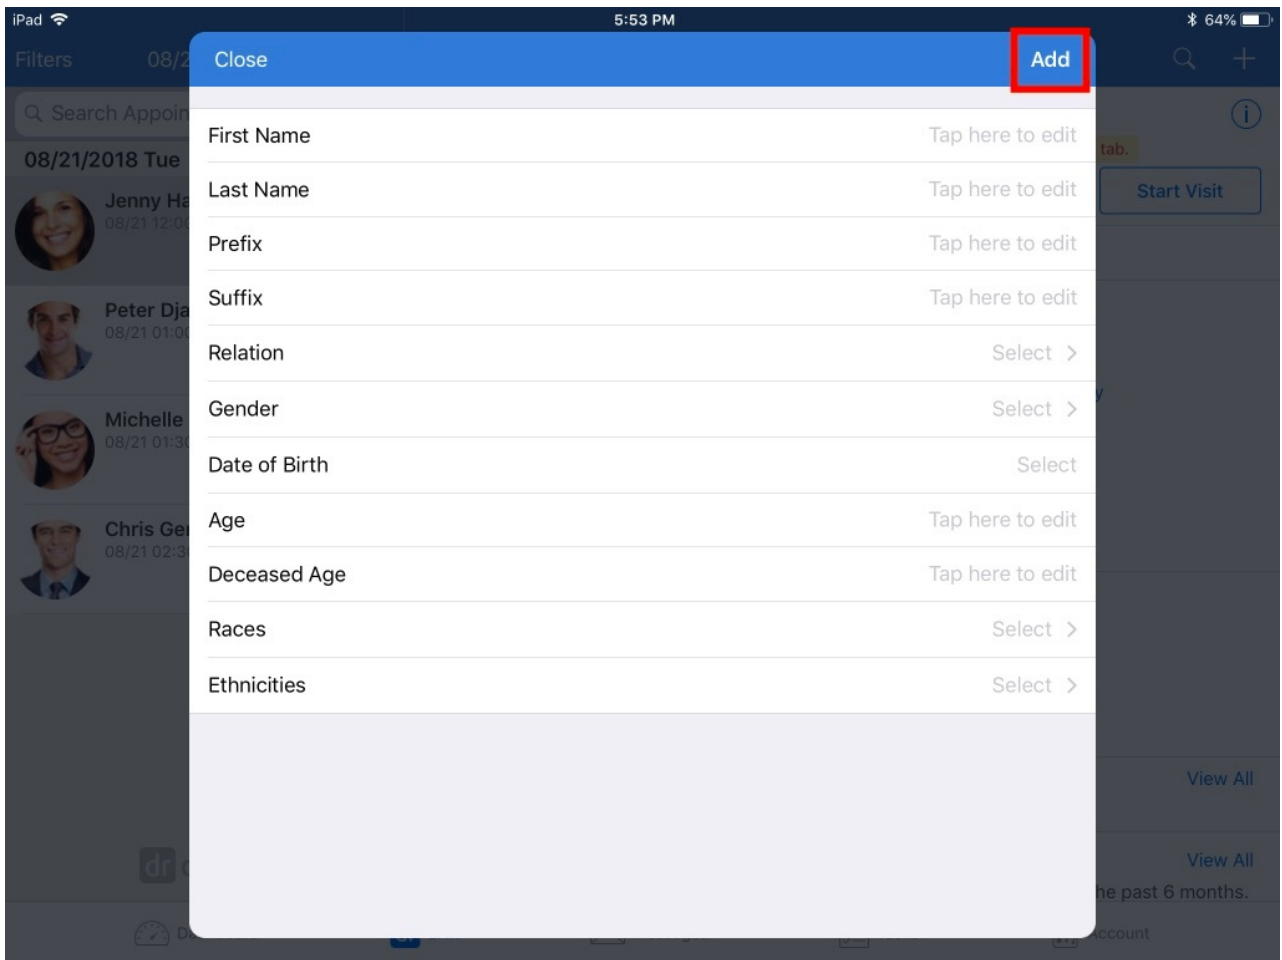

2. Select **Family History**.

3. Select **Add Family Member**.

4. Enter the information and tap **Add**.

5. Once complete, you can view the information in the Family History tab.
