

# Viewing Past Appointments in OnPatient

07/24/2024 10:37 pm EDT

If your patients are using OnPatient, they have the option to view their past appointments.

To begin, your patient can reach their appointments by selecting the **Appointments** tab on their OnPatient navigation bar. On the appointments page, select a past appointment to view it.

The screenshot shows the OnPatient interface. At the top, there is a navigation bar with the OnPatient logo and tabs for Appointments, Doctors, Billing, Messages, Documents, and Health Profile. The user's name, Michelle Harris, is displayed in the top right. Below the navigation bar, the page title is "Appointments". There are two buttons: "Book Video Visit" and "Book Appointment". Under the heading "UPCOMING APPOINTMENT", there is a card for "May 18, 2022 at 8:00 AM Back Pain" by Dr. James Smith, with a "Check in" button. Below this is the "PAST APPOINTMENTS" section, which lists three appointments: "February 4, 2022 at 11:40 AM", "December 1, 2021 at 4:00 PM", and "October 21, 2021 at 12:10 PM", all by Dr. James Smith. A black arrow points to the "February 4, 2022 at 11:40 AM" appointment.

When viewing an appointment, you will be able to view the details that the provider provided during the appointment. This includes a reason for visit, the diagnosis, and the treatment that occurred during the appointment.

The screenshot shows the details for the appointment "Appointment with Dr. James Smith — Feb 4, 2022 at 11:40 AM". At the top, there are three buttons: "Check In", "Reschedule", and "Cancel". Below these are three boxes containing provider information: "Dr. James Smith, Chiropractor", the address "225 Schilling Circle, Hunt Valley, MD 21031", and the phone number "(443) 555-5555". To the right, under the heading "Plan", there is a table with the following data:

Type	Code	Modifiers	Quantity	Description
CPT	98940		1.00	CHIROPRACT MANJ 1-2 REGIONS
