

# My patient already has OnPatient account with another office. Can I connect them to my OnPatient?

07/24/2024 6:50 pm EDT

If a patient already has an OnPatient account with a different provider outside of your organization, they can also be connected to the OnPatient portal associated with your account.

1. [Invite](#) the patient as you normally would.
2. The patient will receive the invitation in their email. In the example below, the patient is already connected to an OnPatient account. The patient clicks **Sign Up Now**.

**Hello Jenny Harris,**

Good day and hope you are doing well! I am inviting you to connect with me through my patient portal onpatient. onpatient is a platform that allows you to view your medical records, schedule appointments, fill out forms before coming into the office, and securely communicate with your doctors.

Thank you,  
Dr. Dustin Croft.

3. The patient will be taken to the OnPatient sign-up site. Next, select **Log in** next to **Already have an account?**

We need the following information to confirm your identity:

Date of Birth

Phone Number

5. The patient will be able to see both organizations under the **Doctors** tab. The patient can also book appointments, send/receive messages, and view their health summary as usual.
