

# Messaging with Providers

07/24/2024 6:50 pm EDT

Patients can use the OnPatient mobile app to view, send, and respond to messages from their provider(s).

1. Go to the **Messages** menu at the bottom of the screen.

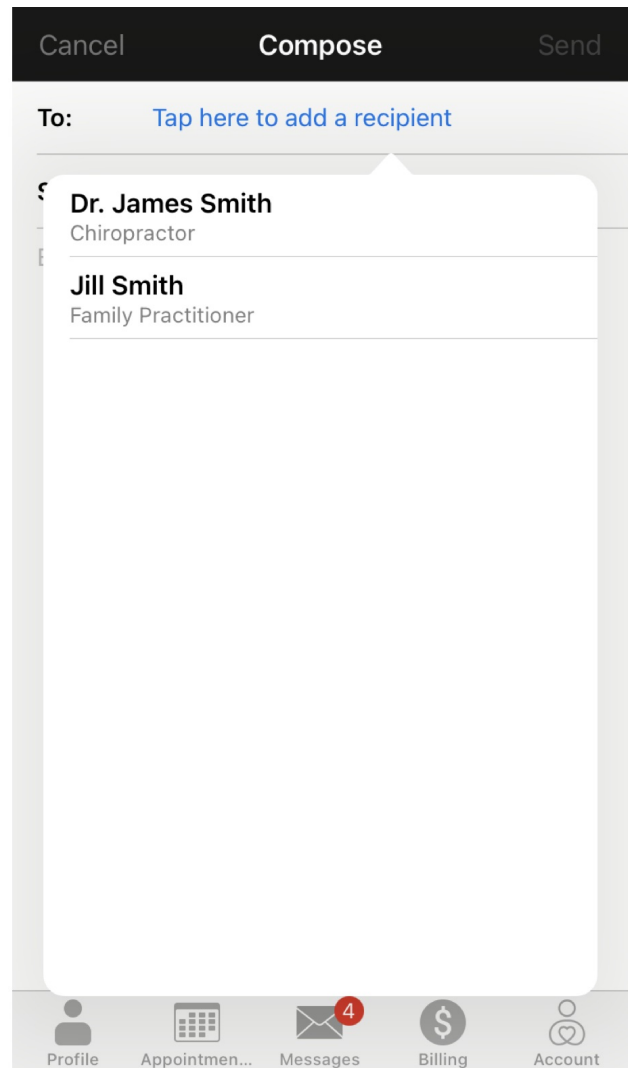

2. To compose a message, select the compose (

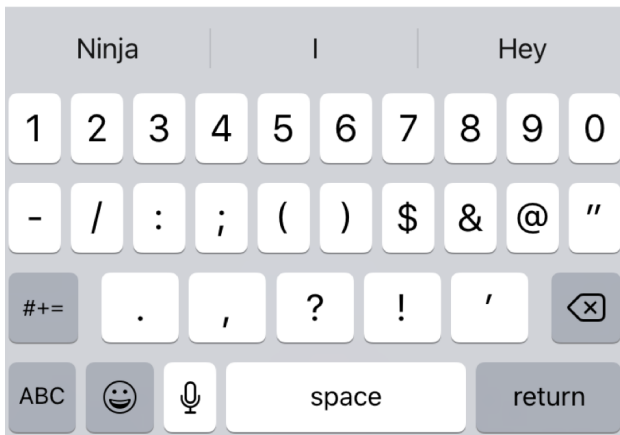

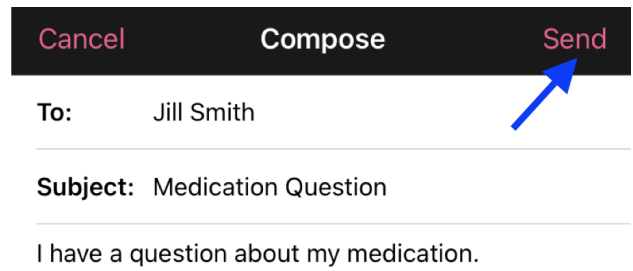

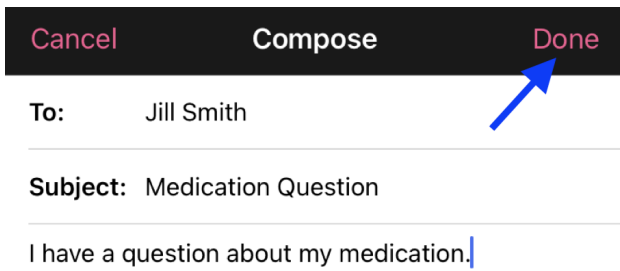

) icon.

3. Choose the provider to message by tapping in the **Subject** line.

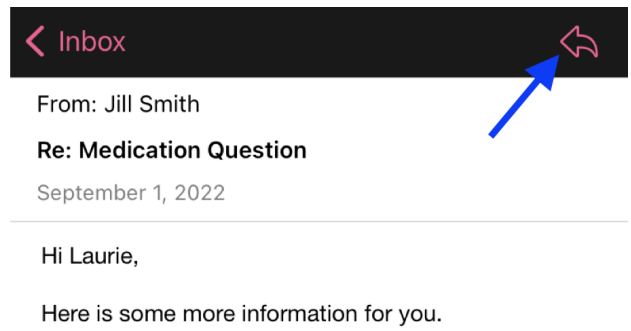

4. Enter a **Subject**, write the message, and tap **Done** and **Send**.

5. When the provider responds, the patient will see a notification next to **Messages**.

6. Tap on the message to view it. The patient can also reply to the message by selecting the reply icon.

7. Patients can swipe on a message to **Star** or **Archive** it. They can find these messages in the app message center under **Star** and **Archived**.
