

How do I review messages I've sent?

07/24/2024 4:15 pm EDT

To review messages you've sent via OnPatient to your healthcare provider, click the **Messages** tab of the OnPatient portal window to access messaging. Next, click the **Sent** area as pictured below. Click on a message to view it.

The screenshot shows the OnPatient web interface. At the top, there is a navigation bar with the OnPatient logo and several tabs: Appointments, Doctors, Billing, Messages, Documents (with a notification badge), and Health Profile. The user's name, Jenny, is displayed on the right. Below the navigation bar, the 'Messaging' section is active, featuring a 'Send Message' button. On the left side, there is a sidebar with folders: Inbox, Starred, Sent (highlighted with a red bar), and Archived. A table of messages is displayed in the main area, with columns for Sender, Title, Summary, and Date. Two messages are listed, both from Jenny (Jen). The 'Sent' folder in the sidebar and the 'Messages' tab in the navigation bar are both indicated by black arrows.

	Sender	Title	Summary	Date
