

# DSM5 Codes

07/24/2024 1:40 pm EDT

Internal name in FRT:

dsm5\_codes\_enabled

DSM-5 codes are utilized by mental health professionals. They are not used for billing, however, they do link to a billable ICD-10 code.

In DrChrono, DSM codes are searchable and link directly to an ICD-10 code.

#	ICD-10	Description
	autism	
1	<b>DSM5 Codes:</b> F84.0: Autism Spectrum Disorder	
2	<b>ICD10 Codes:</b> Z13.41: Encounter for autism screening	
#		

## Turning on for a customer

- To turn on the feature for a client, navigate to Account > Provider Settings > Medical Billing tab.

### Account Settings

Profile   General   Email   **Medical Billing**   eRx Info   Services   Usage   Sample Data   Security   Patient Payments

- Near the bottom of the page, you will see:

Show DSM5 Codes

**Update Entire Profile**

- Check the box and click on **Update Entire Profile**.
- DSM-5 codes will now appear when the client next signs in or refreshes their screen.
